

Support HOME WORKS! through Youth Opportunities Program (YOP) Tax Credits

YOP tax credits let you maximize your giving with less out of pocket cost . . .

And the process is easy: make a contribution to HOME WORKS! valued at \$1,000 or more and receive a 50% state tax credit. Gifts can be in cash, via credit card, or through transfer of stock. We will provide you with a simple application, which you complete, notarize (we also have a notary at our office for your convenience!), and return to us with documentation of the donation. We then submit the application for you and after processing is complete you will receive a tax credit certificate for your next income tax return.

Your YOP eligible donation helps HOME WORKS! bring teachers and families together to strengthen the connection between home and school. Through our program, children are surrounded by a community of care in their education leading to significant growth in literacy, math skills, and attendance.

What else to know:

- Due to limited availability, tax credits are capped at **\$5,000 per donor**
- Credits are available to **Missouri residents only**
- Credits will be allocated on a **first come basis**
